

Bharat Malkani
President
MRO Association of India

Message

I would like to welcome you all to the 7th edition of Aero MRO India organized by MRO Association of India.

Indian MRO market has grown tremendously in the last decade. As per our market analysis the value of total Indian Civil MRO is estimated at \$ 1.4 Billion for the year ending 2019-2020.

We expect these numbers to double by 2024 following the growth of airline operations. Sadly, less than 10% of the entire MRO is done locally due to historic policies that inhibit the 'Make in India' thrust of Government. The MRO Association of India is in constant discussions with the Ministry of Civil Aviation to iron out the existing policy issues to ensure that the MRO industry is able to compete on a level playing field with foreign MROs' and create a strong and robust Indian MRO industry with the aim of achieving 100% Indian MRO in 5 years.

I wish you all an excellent show of networking, seminars, discussions and post event socializing.

Jai Hind

Bharat Malkani
